**DOROTHY IANNONE**

Anton Kern, 532 W. 20th St., nr. Tenth Ave.,  
(212-367-9663)

Trippy, exuberant paintings strewn with carnivalesque and seemingly African and tribal-inspired imagery in which mostly naked women with swelling bosoms and brightly cartoonish private parts are parading in erotic positions. The works balance somewhere between the grotesque and the beguiling; through 8/7.

Rowrrr: Iannone's show is apparently a documentation of her long love affair with the Swiss-German artist Dieter Roth, whose pet name for her was "the Lioness."
